

CONNOR SCHULTZE

Associate

BACKGROUND & EXPERIENCE

Connor joined NAI Wisinski of West Michigan in 2023 at the Kalamazoo office. He brings educational expertise in economics and extensive work experience in the service industry, giving him communication and time management skills. Having built his career in the service industry, Connor understands that success starts with serving others well. He focuses on prioritizing people while helping businesses secure locations that support them long term.

Connor owns and manages residential investment properties throughout Southwest Michigan, giving him firsthand experience identifying value and navigating property ownership. This hands on investment experience has given him a deeper knowledge of market risks vs growth opportunities. This knowledge helps him guide clients to uncover spaces that fit their needs.

Outside of work, Connor enjoys golfing, traveling, meeting new people, and branching outside of his comfort zone. Connor is also dedicated to continued learning, investing in both the stock market and cryptocurrency while studying market trends.

He is the former president of the Kalamazoo Rotaract Club, a young professional branch of Rotary, dedicated to giving back to the community and helping young adults build professional relationships within the Kalamazoo area. He now sits on the district rotary board where he holds the title of District Rotary Representative.
