

## JASON MAKOWSKI, SIOR

Partner, Senior Vice President

Office Brokerage

### SCOPE OF SERVICE EXPERIENCE

Jason Makowski joined NAI Wisinski of West Michigan in 2004. Prior to NAI, Jason spent nine years working for United Parcel Service (UPS) where he held several different positions with the most recent being a Finance/Accounting Supervisor. He uses his financial knowledge and experience and applies it to the world of real estate. He enjoys having the ability to work with people and numbers which are both relevant to real estate. Jason specializes in the sale and lease of office properties.

Jason always had an extensive interest in real estate because it is a dynamic business and every deal is different. He has the opportunity to meet a lot of people on a daily basis and helps them make smart real estate decisions. He believes that in order to be successful in the world of commercial real estate one needs to be patient, friendly and have the ability to put a client's objectives above your own. Working at NAI Wisinski is enjoyable for Jason both from a partner and agent perspective because of the core group of people he works with every day.

## CLIENT TESTIMONIALS

“I appreciate all of the help that Jason and Mary Anne and their team have provided to us. Jason and Mary Anne have proven to be very reliable and capable advisors and they have helped us find great tenants for our property. NAI has a great team overall and we rely on them to help us manage and protect our investment.”  
-Don Klein

“It was a good day when we decided to entrust the Fuller building into your capable sales hands. We both very much appreciate your marketing efforts, your positive, efficient strategic thinking and your great follow-through, all of which came from your great skill and experience.”  
-Nancy Wilson

“The Wisinski team was spectacular in every respect. They presented and executed a great marketing strategy for my property, brought in multiple offers, and were highly professional and thorough at closing. Through every step of the process, the Wisinski team kept me informed of their efforts and were responsive to my feedback.”  
-Ann Debes
